### LANGUAGES

ARABIC NATIVE

ENGLISH Proficient (IELTS 7.0)

### PROJECTS

SkyScanner [falcons-scanner.herokuapp.com](https://falcons-scanner.herokuapp.com)

A website developed using MERN stack, that fetches flights data from Skyscanner API based on search query, a logged in user can add tickets to his cart and checkout using Stripe API, the user is authenticated using JWT and bcrypt for password hashing in DB.

OnlineSchoolSystem

Full-Stack Application using Django and sqlite3 for backend, React typeScript with Redux for frontend, Firebase Cloud Firestore for live chat between users. Users have different roles and functionalities, some of those include the ability of a user with "principal" role to create school and classes, assign teachers and students to classes, teachers can set up exams which students can take and their grades will be saved in the DB for parents to review using a Mobile app created using React Native.

Personal Expenses App

A mobile app developed using Flutter & Dart, for both Android and iOS, the app lets you add all the purchases or payments you have done, to give you a nice representation of your last week expenses using an interactive chart.

Face Detection

A website developed using React where you can create an account protected by bcrypt password-hashing authentication function in a PostgreSQL database using Node.js and Express. Once logged in, Clarifai face detection API will detect any face in a given image and a box will be drawn around the face.

### EDUCATION

2020-2021

ReBootKamp - Anera PLUS RBK

The ReBootKamp program is a career accelerator, producing high quality software engineers in 16 weeks using a curriculum developed in Silicon Valley. One of the Arab world's first coding boot camps. Providing market-ready, adaptable coding skills and other essential "soft" skills demanded by the industry. Technical skills include Javascript, MongoDB, Express, React, NodeJS, & HTML/CSS. Non-technical skills include essential communication, collaboration, problem solving and critical thinking.

2012-2016

BSc Civil Engineering - An-Najah National University  
GPA 3.21/4

### SKILLS

React

Flutter & Dart

JavaScript

TypeScript

HTML/ CSS

Python

MongoDB
